

DuraPAC Plus

Convenient Versatile Professional

The DuraPAC Plus combines the best features of our DuraPAC and our FlexPAC - convenient form factor and extreme versatility. With 7 full-length expansion slots and standard ATX motherboard, the DuraPAC Plus can be adapted for any professional purpose, and can handle their high-performance requirements. Depending on your configurations, the Thunderbolt interface is also available. Please check with your sales representative to see if you can integrate it into your portable computer.

With a rugged construction, rubber corners, and optional anti-glare tempered glass, the DuraPAC Plus is suited for use in and transportation through harsh environments.
